Recognising that climate change is one of the most serious threats to our planet and human welfare, many countries have now signed up to international climate change agreements that commit them to reducing greenhouse gas emissions. The challenge now is for the international community to create the systems, policies and culture needed to meet these targets – and quickly. Do you know where our MP stands on this issue and what steps the Committee on Climate Change is taking to address this issue? Find out by writing to Mary Glindon, House of Commons, London SW1 0AA

**FEAST OF ST. THOMAS MORE** - We are warmly invited to a Mass at Our Lady & St. Columba Church, Wallsend to celebrate the life and work of the school community. (John 10:10). The Mass will be followed with food and celebration - fun for the whole family... all are invited! please RSVP to [mthompson@stmacademy.org.uk](mailto:mthompson@stmacademy.org.uk)
